

# In These Parts by Ucaimhu

Welcome to America's Dairyland! This puzzle focuses on a potential reward for participating in a 5K in these parts. Specifically, this reward has been split into three equal parts, and each part must be deleted from four answers before entry. (The resulting entries will include three proper nouns.) If the *n*th part of the reward has been removed from an answer, circle the *n*th letter from (i) the beginning and (ii) the end of its clue. In clue order, the (i) letters will spell out the name of someone who notably uttered a statement about the reward; the (ii) letters will spell out this statement, which also explains why I am not participating in this 5K.
